Auctioneer's Notes: We bring you more Hot Wheels from the Peterson Collection – unopened cars and redlines! A Redline Hot Wheels Car is one that was manufactured within the first ten years of production, 1968-1977. The term "redline" was given to these models for their distinct red circle on their tire sidewalls that were only manufactured during these first ten years. Starting this sale and through the duration of sales from the Peterson Collection we have mixed in some old Redlines along with the newer packaged Hot Wheels. Don't miss the chance to add one of these great cars to your collection! Check back regularly to bid on the collections from Earl Wayne Peterson when they go live at mollettauctions.hibid.com. *Thank you Wayne & Adam*

Terms & Conditions: For credit card purchases, a 4% surcharge will be added to the amount of the purchase and will be charged to your credit card upon settlement, along with a 10% buyer's premium immediately following close of the auction. Buyers who wish to pay in cash or by check (Prior arrangements need to be made before auction closes OR by adding to your notes at the registration of this sale) upon pickup will have no surcharge but will still be charged a 10% buyer's premium. Items not picked up in 7days will be charged an additional 10% of final bid for a disposal fee!
